A PASTOR'S FEARS.

Why So Many Members of His Congregation Were Overcome by the Hot Weather.

"I dread hot weather," exclaimed the paster of one of the leading churches on Madison ave. the pro-The remark was made to the writer who chanced to be in

"Because it brings so much misery. I keep a very close watch of all the members of my congregation, and the heat of summer brings more nervous troubles, more fever in the blood, and more brain diseases than all the other seasons of the year combined. I see men and women every day whose nervous systems are really broken down or who are troubled with insomnia and are on the road to insanity, largely be cause of the feverish condition into which the hot weather has thrown them. Heat is a great irritator of the nerves."

The writer was much impressed with the carnestness of

the reverend gentleman's remarks and the interest he took in the physical as well as the spiritual welfare of his congregation, and could not help recailing the words of the celebrated Dr. Abernethy: "Heat is the enemy of the brain. A cool head seldom goes wrong." It is gratifying to know that in spite of hot weather and

the dangers which it brings to the nervous system and the brain, they can both be kept cool, clear, sound and well. Here are some proofs of it. Dr. J. W. Small, of Park-ave., Here are some proofs of it. Dr. J. W. Small, of Park-ave., says: "I have used Prof. Pheips's great discovery, Patne's Celery Compound, with excellent success. FINE RACING EXPECTED TO-DAY.

THE EXCELLENT PROGRAMME OF THE CONEY ISLAND JOCKEY CLUB

If the weather is favorable an afterneon of most exciting sport may be expected at Sheepshead Bay, for fields of rare quality and high speed will compete for the Swift Stakes, the Surf Stakes, the Bay Ridge Handicap, and the other races. In the Surf, Mr. Belmont's colt Chesapeake will run for the first time in public He is said to be the star of the stable and superior to St. Carlo. Senator Hearst's filly Gloaming is also re ported to be very fast. She will need to be in order to defeat Cayuga, Torso and Civil Service in this race.

In the Bay Ridge Handicap Terra Cotta will appear Belmont will not start Raceland against him, but he probably wants to give the Chicago Stable a chance after it has undertaken the trouble and expense of sending Terra Cotta East. If Raceland were to start he would win, in spite of his penalties.

The Swift Stakes will bring out a large and strong field, including such well-known colts as Diablo, Fresno, Madstone, Radiant, Champagne Charile, Cortez and Blue Rock. Although Diable ran badly in the Tidal, and must now carry 129 pounds, still I think he will win, while Fresno may run second. The distance-seven furlongs-will suit Fresno, sprinter and not at all a stayer, and probably Fresno's race on Wednesday, when My Feliow and Longstreet beat him so badly at a mile and an eighth, did him good. It will be Champagne Charlie's first race this If he were as good now as he was at Washington last autumn, he would win at the weights. But it is generally believed that he is at present far below his best form last year. Madstone is an extremely dangerous colt in the Swift, especially if it rains and the track is muddy. He ran a remarkable race in deep mud at Jerome Park. Radiant also is rounding into form and may make a bold bid for the

The man who was to battle for the ratio was I. W. Slovum men who were to battle for the prize were H. W. Slocum, the present American champion, and R. P. Huntington, of Yale College. Huntington is a man of newly sequired reputation, but by his play in the present tournament is already numbered among the cracks. The match was begun at 8 o'clock, with Huntington serving. After winging ning a c-uple of games, Huntington lost the next three, and then the games al-ternated, each man winning on his serve until six-all was reached, when Slocum, by great playing, won the set, eight games to six. Huntington in the next set after five-all had been called had at least five opportunities to win the set, but could not win the necessary point. Slocum won this set 10-8. Part of the next set was played in the rain, but this set like the others was won by Siecum. ENTITLED TO ARREADS OF PENSION. Washington, June 21. Assistant Secretary Busse; has returned a decision in the case of Richard Whiting, late of Company C, 33d Missouri Infantry. The claimant was wounded at Tupelo, Miss., July 14, 1:04, and, while lying on the field of battle helpless condition, received a sunstroke which soon after discharge caused chronic nervous prostration and impairment of mind resulting in 1874 in imbecility. The wife and guardian of the claimant filed an application for pension in 1883, which was granted, the rate being fixed at \$24 per month. Subsequently in 1885, the rate of pension was increased to \$50 per month. The claffin came before Assistant Secretary sey upon an appeal filed by the pensioner's wife and guardian, the ground of contention being that pension should have begun at the date of the pensioner's discharge, instead of at the date of filing, lnasmuch as the limitation of the acrears act excepts from its operation all claims in behalf of insane persons. On this ground Mr. Bussey allows arrears from the date of discharge. The Assistant Secretary decided that claimant's disabilities entitle him also to a rerating and increase of pension under the acts of 1872, 1874 and 1880, the final rating being \$72 per month from June 18, 1880.

Adams, a stockholder of the St. Paul and Northern others, to restrain the defendants from issuing beneficial 5,000 shares of new stock which it was decided last February to issue, argument was heard by Justice O'Gorman, in the Supersor Court, Special Term, yes terday. An agreement was entered into in January, 1885, by the St. Paul and Northern Pacific Company, and the holders of its \$5,000,000 of stock, the Northern Pacific Railway Company and the Farmers' Loan and Trust Company, after the St. Paul Company had been leased for 999 years to the Northern Pacific Company. whereby certificates of ben-ficial interest in the st Paul stock were to be deposited with the Trust Company. All the dividends declared thereafter were to be payable to the holders of record of such certificates. It was declared in the resolution of February, construction purposes, and the new shares were to be offered to the holders of the old stock at par, and those that were not subscribed for were to be offered to the public generally. It is claimed by the plaintiff that the proposed additional issue would be in violation of the terms of the agreement referred to, and that the rental received by the St. Paul Company can only be distributed among the holders of the 50,000 shares.
